

T5 BALLAST BYPASS

The EnVision T5 is available in a ballast bypass that achieves 160lm/w efficiency. EnVision has added a safety feature by adding a protective film cover to shatterproof the new T5.

Why pick the EnVision T5?:

- Average life (L70) of 50,000 hours with chips that are tested with LM-79 and LM-80 compliance
- T5 Bulb is tested 120 hours before being boxed and shipped
- Light beam spread replicates the same look as a fluorescent, but with improved light output and efficiency
- T5 Bulb is 160lm/w while other comparisons in the market are 130lm/w.
- 5 Year Limited Warranty

Applications:

- Warehouse Lighting
- Parking Lot Lighting
- Commercial Lighting

Product Information:

- Increase energy savings
- Standard size of 4 Foot Fluorescent T5
- Rewire direct to AC power single sided connection
- Film protectant for extra shatter protection (Food Industry OK)
- Use of Sanan LED Chips to ensure reliability
