

This channel is designed to create modern suspended fixture for overhead lighting. Its thick shape enables the user to add more LED strips to the channel. Suitable for dry locations.

- Thermally-balanced design for maximum cooling
- Channel covers protect LED tape light
- Diffuser covers provide smooth light diffusion with no hotspots
- Full range of accessories for a great-looking installation
- Complete kits available to create a finished fixture

open end cap

channel mount, ceiling mount,  
and mounting wire
